

Male Involvement Program

"CARING FOR TWO"

Do you wonder how you can support the mother of your unborn baby?

How can I be a great dad?

How do I deal with my baby's mother when her hormones are all over the place?

She might be pregnant, but I've got some questions too!

Becoming a father can be exciting, frightening and confusing. Our Male Involvement Community Health Worker can help address these issues and more. He can provide resources to help you complete your education and find a job. He can help ease your concerns about the pregnancy and beyond. The greatest thing is that he comes to you!

To become a part of this program, you must have a partner that is enrolled in our Caring For Two Program.

Our programs are free.

Partner, not enrolled? Just call 419-228-4457 for more information.

*"Children need what each parent has to offer. They need a bond with daddy as much as mommy."
