TEMPORARY FOOD SERVICE OPERATION

All persons wishing to obtain a Temporary Food Service license must complete the attached questionnaire, booth layout plan and license application form.

Regulations require that this information, license application and license fee be collected and received at least ten days prior to an event.

The Ohio Revised Code defines a Temporary Food Service Operation as “any place, including any governmental operation, where meals or lunches, or portions thereof, are prepared or served for a consideration for a single event, in one location, for a period of not longer than five consecutive days regardless of whether meals, lunches, or portions are to be consumed on or off the premises”.

Any questions concerning Temporary Food Service Operations may be directed to Registered Sanitarians during office hours of 8:00 – 9:00 a.m., 1:00 -2:00 p.m., and 4:00 – 4:30 p.m. weekdays.

- (A) A temporary food service operation, as defined in paragraph (EE) of rule 3701-21-02 of the Administrative Code, shall comply with the applicable requirements of Chapter 3701-21 of the Administrative Code, except as otherwise specifically provided.
- (B) License. Before opening a temporary food service operation, the operator shall make application for a license to the Board of Health of the health district in which the operation will be conducted.
- (C) Approval of plans, equipment, menu. Before opening a temporary food service operation, the operator shall provide, if required by the licensor, a drawing showing the layout of the facility and a letter of intent providing pertinent information such as:
 - 1) Food to be prepared and served;
 - 2) Source of food;
 - 3) Hot holding facilities;
 - 4) Cold holding facilities;
 - 5) Handwashing;
 - 6) Equipment and Utensils;
 - 7) Support facilities; and
 - 8) Any other information requested by the licensor.
- (D) Food – approved source. Potentially hazardous foods not prepared at the temporary food service operation shall be prepared in a licensed food service operation and transported to the temporary food service operation by a method approved by the licensor.
- (E) Food Protection. All potentially hazardous foods shall be maintained at forty-one degrees (41°) Fahrenheit and below or one hundred forty degrees (135°) Fahrenheit and above by a method approved by the licensor. Mechanical refrigeration shall be used for overnight storage of potentially hazardous foods.
- (F) Equipment and Utensils. A three compartment sink system or another method approved by the licensor shall be provided or made available and used only for manual washing, rinsing, sanitizing of equipment and multiple-use utensils.
- (G) Handwashing Facilities. A handwashing facility or an alternate method approved by the licensor shall be available for employee handwashing.
- (H) Support Facilities. The operator of a temporary food service operation shall demonstrate, to the satisfaction of the licensor, a safe water supply, sewage waste water disposal system, toilet facilities, and garbage and refuse disposal system.
- (I) Floors, Walls, Ceilings. The requirements for floors, walls and ceilings shall be determined by the licensor. If it is determined that a floor and/or ceiling and/or walls are necessary, the materials used for the floors or ceilings or walls and the construction thereof shall be approved by the licensor.

Please Use Area Below For Drawing Of Booth And Placement Of Equipment. Forms To Be Completed And Returned To This Office.
